1. The majority of Orem residents see it as moving in the right direction, up from our last survey in June.

2. A supermajority of Orem residents approve of the CARE tax that was renewed in the 2013 election.

3. Residents strongly lean toward using the CARE recreation money to pay for upgrades to existing facilities rather than purchasing new ones.

4. The most popular upgrades focus on improving the playgrounds, the city fitness center, and adding bike lanes.

5. If the city decides to invest in new facilities, public sentiment leans away from large projects and instead prefers smaller investments – again – focused on playgrounds and other facilities for children.
SURVEY METHODOLOGY
MINIMIZING ERROR
SURVEY METHODOLOGY

Sampling frame of our panelists consisted of a combined universe of every household in the Orem City utilities accounts and the city newsletter databases, plus a sample of students living in Orem who attend Utah Valley University.

Duplicate email addresses were discarded. In total, we emailed 2,204 invitations. 15 bounced due to either incorrect email addresses or high spam filter settings, resulting in a deliverability rate of 99%.

Of the 2,204 delivered invitations, 1,133 citizens responded with 998 completed online surveys. This results in a response rate of just over 51%. Each email address could respond only once.

1,133 interviews among an estimated adult population of 61,612 results in a margin of error for the survey of plus or minus 2.88 percentage points. Responses were weighted to better approximate city demographic composition.
Survey was introduced as an official city-sponsored survey with academic support.

Subject: Official Orem City Survey

Hello there,

Thank you for joining the Orem citizen opinion panel! We invite you to participate in a special citywide survey of Orem residents. The purpose of the survey is to ask for your input about important issues facing Orem. This survey has a special focus on recreation and parks, including questions about important upcoming policy decisions. The results will be used during official city deliberations.

Your participation is very important and will help make the survey accurate. This online survey takes about 15 minutes to complete and your answers are completely confidential.

To take the survey click on the link below:
Take the survey

Your participation is very important and will help to shape Orem's future.

Sincerely,

Orem City staff and Quin Monson, Ph.D., Y² Analytics
SURVEY INVITATION
Citizens were offered details about the researchers & given option to unsubscribe.

In 2013 Orem residents voted to approve the CARE tax which is a 0.1-percent sales and use tax for city-owned recreational and cultural facilities, ongoing operating expenses of city-owned recreational facilities, and ongoing operating expenses of private nonprofit cultural organizations.

How favorable or unfavorable do you feel about the CARE tax in Orem City?

- Very Favorable: 34%
- Somewhat Favorable: 44%
- Somewhat Unfavorable: 14%
- Very Unfavorable: 9%

A supermajority feel favorable to the CARE tax passed last year.
FAMILY RECREATIONAL PRIORITIES

Participants self-declared family preference for arts vs. parks.

For your family, would you say you prefer to spend more of your free time doing arts and culture activities or recreation and parks activities?

Q

100% Recreation & Parks
The vast majority of respondents want to see upgrades rather than new builds.

Over the next ten years, the portion of the CARE tax dedicated to recreation will provide a projected 25% increase in budget for spending on parks, fields, and recreational facilities in Orem City.

In your opinion, which of the following is a better use of the recreational portion of the CARE money?

- 79% Upgrading and maintaining existing parks, fields, and facilities
- 21% Building new parks, fields, and facilities
RECREATION DEMOGRAPHICS
CONTEXT FOR FUNDING DECISIONS
Of the 35% who own dogs, 66% say they would frequent a city built dog park.

**Are you a dog owner?**
- Yes: 35%
- No: 65%

**If the city had a dog park, would you take your dog there?**
- Yes: 66%
- No: 34%
The median family in our sample has one child at home.

How many children under the age of 18 live in your home, if any?

- 8 or more: 1
- 7: 1
- 6: 1
- 5: 4
- 4: 7
- 3: 11
- 2: 14
- 1: 14
- None: 43%
Most popular activities include swimming, biking, walking/running, and soccer.

**Q** For the children under 18 in your household, what sports or other activities do they regularly do for exercise or recreation?

- Windsor: 2
- Sharon: 1
- Springwater: 1
- Orchard: 1
- Foothill: 1
- Hillcrest: 1
- Skate:

19%
54% of respondents mentioned a park outside of Orem, most often Provo Canyon, Provo parks, or Provo Recreation Center.

What recreational facilities or parks do you visit besides these, if any (including any outside of Orem)?
In your opinion, how well maintained are each of these parks, fields, and facilities?

**PERCEIVED PARK MAINTENANCE QUALITY**

Mt. Timp & Nielsen perceived as best. Sharon, Cherry Hill, & Springwater worst.

**SUBGROUP BREAKOUT:** Only asked of those who had visited the park before.
If the city decides to invest in upgrading and maintaining existing parks, fields, and facilities, which should be the priorities?

Below is a list of proposed upgrades to existing parks, fields, and facilities. Please select and drag them into priority order where the item at the top is the HIGHEST priority and the item at the bottom is the LOWEST priority.
Priorities line up fairly comparably across groups – arts respondents place upgrading the Orem Fitness Center slightly lower in priority than other projects.

NEW FACILITIES PRIORITIES
SMALLER, CHILD-FOCUSED PROJECTS
GENERAL PREFERENCE FOR FUNDS

Any new projects should be focused on non-scheduled facilities.

**Q** If the city decides to invest in new parks, fields, and facilities, which would you prefer?

- **91%** Facilities that can be enjoyed by many individuals or groups at the same time, such as playgrounds, trails, and open space.
- **9%** Facilities that can be scheduled or used exclusively by one group at a time, such as baseball fields, soccer fields, tennis courts, etc.
One proposed use for the recreational CARE funds is to spend the additional money on a new sports field or facility. Which of the following is more appealing to you?
In a list of seven new options, playgrounds take clear priority.

If the city decides to invest in new parks, fields, and facilities, which would be most appealing to you?

Below is a list of proposed new parks, fields, and facilities. Please select and drag them into preference order where the item at the top is the MOST appealing and the item at the bottom is the LEAST appealing.

**NEW FACILITY PRIORITIES**

[Diagram showing the priority ranking]

- **2nd** HIGHEST PRIORITY
  - A splash pad & indoor kid-friendly play area (2.8)
  - A new playground, including accessibility for handicapped children (2.9)

- **3rd**
  - A bouldering wall (3.9)
  - A dog park (4.2)

- **4th**
  - A skate park (5.0)

- **5th**
  - Other (6.4)

Average priority ranking: **6.4**
