Imagine Orem Station
Public Workshop

Light refreshments provided.

All are welcome. Roll up your sleeves and share a fun, interactive evening with your neighbors imagining Orem's FrontRunner Station in 2050. This is the first of a series of public gatherings to explore options for a key gateway into our city. Your brain-storming at this workshop will inform the creation of several alternative scenarios for evaluation at a future meeting.

The Imagine Orem Station process is a once in-a-generation opportunity. Let's identify the kind of place we would like to create and how to realize our common goals!
